## Description

Offering safety, security and sustainability, CLD's FenceSafe Securus S1 system is the world's first LPS1175 security rated temporary fencing system. Using our innovative foundation free cantilevered FenceSafe base coupled with our Securus 358 mesh fencing, the system is guaranteed to offer at least 60 seconds delay against attack. Both the base and the Securus panels can be reused. The panels can even be used in a permanent fenceline.

## Features

Overlapping panels for added security

Ideal for Major events, Utilities, Crowded Places, Airports

Full length clamp bar with no external fixings

Through bolt with rear fastening

Exploded view of post and fixing details for the CLD FenceSafe Securus SR1  
This product has additional features not demonstrated for security reasons
